Your Tour Guide

Ney

My official name is Rosiney Lima Maia, but all my friends call me Ney. I was raised inside the jungle in a small village where I learned how to hike, fish, hunt and camp in the Amazon rainforest.

I started working as a jungle guide to show tourists the way into the jungle in 2000. During the time, I learned English, so I can tell you all the jungle stories of the Amazon. My specialty is the Northern part of Manaus, because that is where I know my way around best.

Programme

Day 1

You are picked up from your hotel around 7:30 AM and we leave Manaus harbour at 8 AM to see the phenomenon of the Meeting of the Waters. This is the place where the Rio Negro and the muddy water of the Solimões river meet. At noon we have lunch with fish, tropical fruits, rice and macaroni.

After lunch we will explore the Solimões river and encounter birds and visit the Caboco house to meet indigenous people of the Amazon.

Later, we will go for a walk to see the monkeys and view the victoria regia planta acuatica, a waterplant with enormous leaves, that can carry a small animal or person.

Then, if wanted we go piranha fishing in a small vessel. A little bit of bait and a simple fishing rod are enough to catch the piranhas. You return to eat and sleep on the boat for the first night.

Day 2

You wake up at 5:30 AM to see the sunrise over the Amazon. This is a wonderful sight and you will also enjoy the numerous birds and other animals that are already awake. Around 7:00 AM breakfast is served.

Then you explore the Rio Negro where you can see and swim with the pink dolphins.

After lunch we will leave the ship to camp in the jungle with the group. In the depths of the jungle we prepare our sleeping places and cook dinner on a campfire.

Your bed in the jungle is a hammock at the camp. A mosquito net will protect you from the mosquitos. During the night, animals may visit the camp and give you the opportunity to see a few species you have never encountered before. You will also be surprised by the noises that the jungle animals produce.

Day 4,5 (optional)

If you stay longer, you can do an additional fishing expedition, going for bigger fish, or visit the Anavilhanas National Park. An extra night in the jungle or a trek on a different location are other options. You can also relax in your hammock and just enjoy the nature of course.
